This is a request for issuance of a certificate of correction of applicant's mistake under 35 USC 255 and 37 CFR 1.232. A typed Certificate of Correction form is enclosed.

Please charge any fees associated with this submission to Acct. No. 15-0875 (Owens-Illinois).

The subject application as filed correctly noted the amount of phosphorous in the subject glassware mold, at page 5, lines 4-5 and claim 2, lines 4-5, as 0.00 to 0.08 wt%. However, typographical errors in the application as filed at page 3, line 24 and page 4, line 19, reproduced at column 2, lines 61-62 and column 3, lines 30-31, incorrectly indicate that the amount of phosphorous is 0.00 to 0.80 wt%. This clerical error arose through inadvertence and without deceptive intentions. A certificate of correction is needed to indicate that "0.80" at column 2, line 61 and column 3, line 30 should read "0.080".

Respectfully submitted,

REISING, ETHINGTON, BARNES,  
KISSELLE, P.C.
